

List of Group Collection (used paper collection, etc.) implementation dates, etc.

In Nakano City, we collect used paper such as “newspapers, magazines (including books), cardboard, miscellaneous waste paper” by “Group Collection **”. Since the “collection day” and “collection item” differ depending on the area where you live, please check the table below and put items out by 8 am on the day of collection (not the day before the collection date).

* What is Group Collection: It is a system in which local residents such as neighborhood associations and residents' associations voluntarily collect used paper in order to reduce waste and save resources.

- [Caution]
- ☐ In addition to used paper, we also collect used clothes and cloth. Please dispose of used clothes and cloth that are no longer needed with Group Collection on a day that rain is not in the forecast all day. (Because it gets wet even if you put it in a bag in rain and it does not become a resource).
 - ☐ Used paper from business activities (company, shop, etc.) cannot be collected for the Group Collection.
 - ☐ In addition to the following, there are cases where it is carried out independently a aptment complex such as a condominium. Please check directly with the administrator about collection items, etc.
 - ※ Used cloth collection is not available in some areas of the Shoni Town Association.

▲ An example of “Group Collection site”. As a general rule, there are flags or curtains with orange color that serves as a landmark. (They may not be out for convenience)

Nakano City Waste Reduction Mascot Gominon

We ask for your understanding and cooperation to put them out on the morning of the collection day.

Do not put out used paper the day before the collection date!

× There is a risk of arson.
× It may cause items to be taken away.

No!
